

WHY SOS GLOBAL?

- Australian owned & managed
- In operations since 2012
- We provide step-by-step help
- High investment in training & upskilling staff
- We manage & supervise staff for you
- High security of your information
- Professional grade & adherence to Australian Standards
- Established systems & operations

BENEFITS

- You have full operational control
- There is no capital investment required
- It takes weeks, not months, to set up operations
- You save on labour costs of wages & overheads
- You have the confidence that your tasks are being completed to a high standard
- More quality time for you and less stress knowing your staff are well managed by us

TESTIMONIALS

"We can't believe how easy it has been. We employed our first employee in November last year (2018) and I'm up here at the moment to already hire our second employee."

- Matt Lowth (CFO, Global Seafoods)

"We felt very comfortable in using a company that has the protection of all the Australian Legislations and we could communicate easily in a culture that we are really familiar with."

- Deborah Quinn (Christmas Cart)
